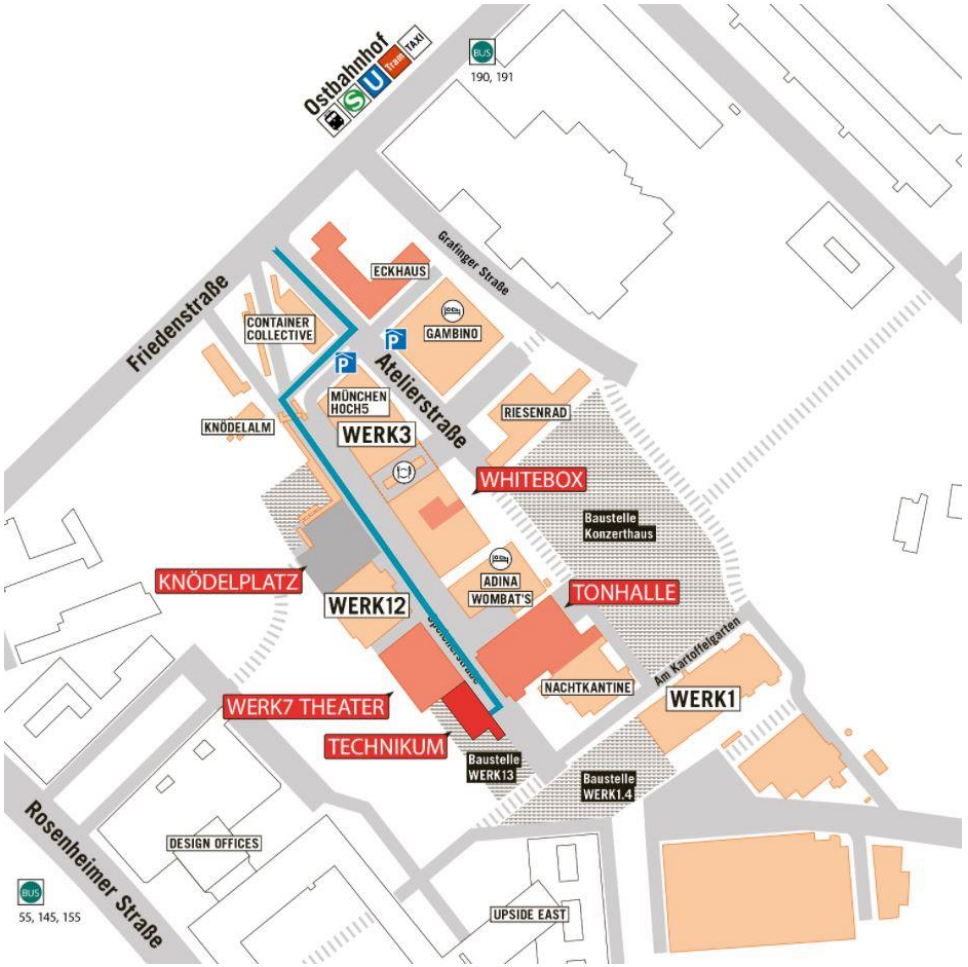
impressions – view from outside and inside

impressions – trade fair & fashion show

impressions – evening ceremony & theater seating



Werkviertel-Mitte is located directly between Haidhausen and Berg am Laim in Munich East.

Thanks to its neighbor of Munich East Station the site is optimally connected with regional and national transportations.

Only three stations to the central Munich and first class connection to the downtown as well as to highways offer us time-saving comfort.

Same applies to short routes to industrial fairs and Munich airport.
