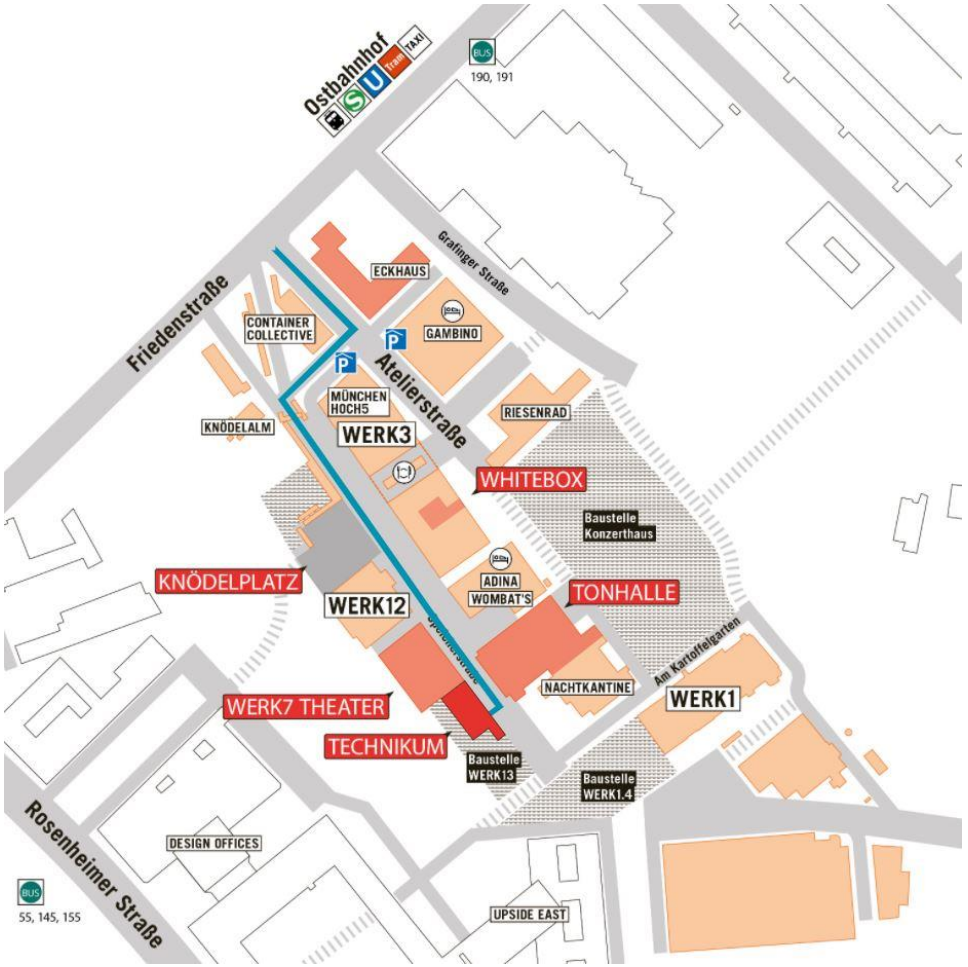
impressions – evening ceremony & theater seating

impressions - conference & concert



Werkviertel-Mitte is located directly between Haidhausen and Berg am Laim in the east of Munich.

Thanks to its location right next to the Munich East Train Station the site is optimally connected to regional and national transportation.

Only three stations from to the center of Munich as well as ideal connections to the highways allow for time-saving comfort.

Same applies to the short routes to Messe München, the industrial trade fair grounds, and Munich airport.
