

introduction

Between the main entrance of the upcoming concert house and hotel Gambino, the Mariss Janson's square is located – a busy and popular area surrounded by UMADUM Ferris wheel and gastronomic businesses.

Because of its well-situated central position in Werksviertel-Mitte, this 400 m² large square is ideal for roadshows, promotions or product presentations.

Would you like all services for your event to go uncomplicated and quickly from one source? In this case, let us make a customized event plan for you.

Height min. 6.00 m,
depending on access

Electricity and water connection

On request

Loading details

Registration and declaration of special vehicles

impressions – top and side view

impressions – event character

impressions – festive ambiance

location plan

Werksviertel-Mitte is located directly between Haidhausen and Berg am Laim in Munich East.

Thanks to its proximity to the Munich East Station the site is optimally connected with regional and national transportation.

Only three stations to the central Munich and first-class connection to the downtown as well as to highways offer time-saving comfort.

Same applies to short routes to industrial fairs and Munich airport.
