introduction

Due to its adaptability, Tonhalle is suitable for most types of B2B and cultural events such as conferences, congresses, trade fairs, exchanges, corporate events and presentations.

Become a guest in Werksvierte–Mitte and get inspired by the former Pfanni potato warehouse.

Would you like all services for your event to be provided quickly and easily from a single source? In this case, we would be happy to send you a customized event concept.

impressions – theatre style seating & conference

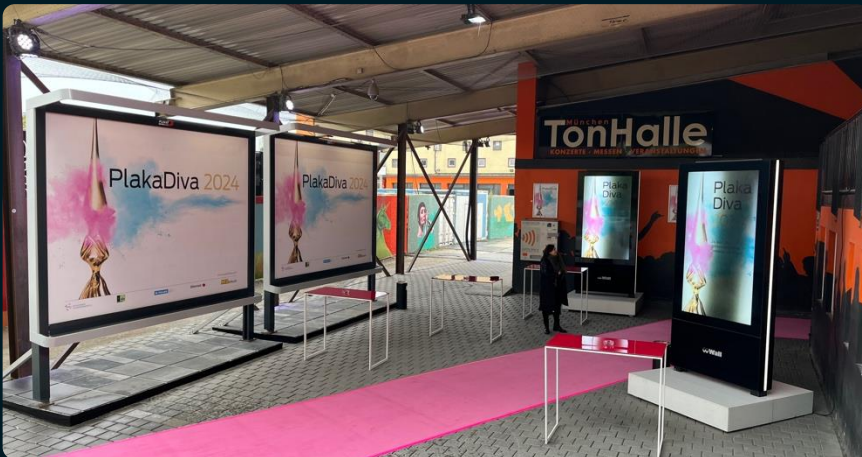

impressions – reception & trade fair

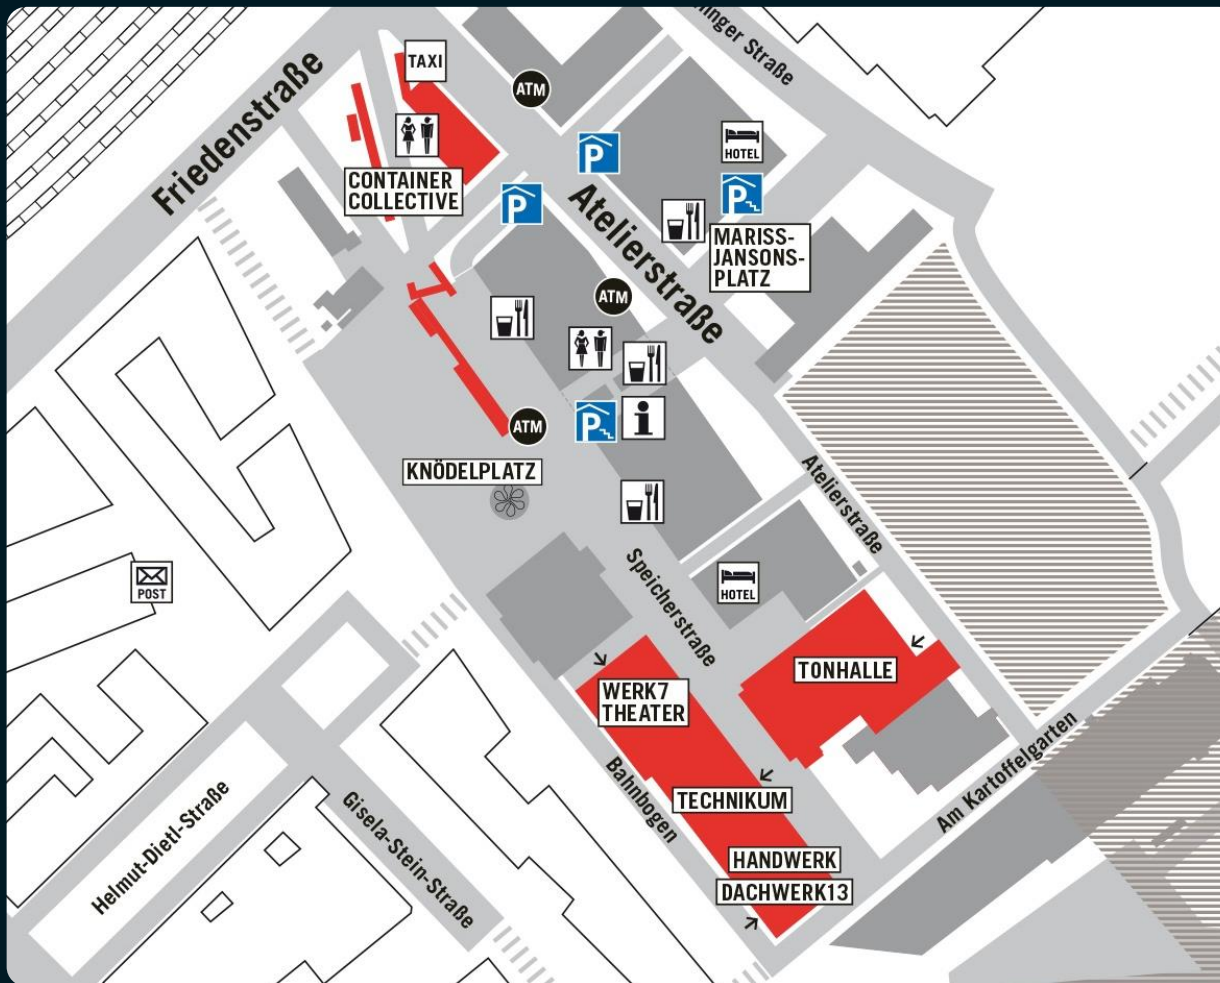

impressions – fashion show & concert

location plan

Werksviertel-Mitte is located directly between Haidhausen and Berg am Laim in Munich East.

Thanks to its proximity to the Munich East Station the site is optimally connected with regional and national transportation.

Only three stations to Munich Central Station and first class connection to downtown as well as to highways offer time-saving comfort.

Same applies to short routes to industrial fairs and Munich airport.
